Subject: Surface Drilling Activity within the Kennecott Utah Copper
(KUC) Bingham Canyon Mine Permit Boundary M/035/002
2003 Reclamation and Water Management Plan
October 28, 2008 Addendum 2 to Appendix G

Dear Ms. Dean:

In keeping with the protocol established for Kennecott Utah Copper (KUC) surface drilling operations that are conducted within its permit boundary but outside of areas disturbed by other mining activities, KUC is providing the Division with an update to our Addendum 2 to Appendix G submitted to the Division October 28, 2008. With this update, KUC is adding four (4) additional drilling locations in the vicinity of the Lark Gate as shown on Map 5 to Addendum 2 (attached as FILE03-20091024 In-Permit M-035-002 Addendum 2 Map 5 Four Additional Lark Drill Holes).

Also, KUC has attached an updated October 28, 2008 Addendum 2 Exploration Drilling Program Revision 3 Update 2009-10-24 (attached as FILE02-20081028 In-Permit M-035-002 Addendum 2 Exploration Drilling Program Rev2 Update 20090924 Final).

KUC asks that this information be added to the 2003 Reclamation and Water Management Plan as a clarification to Addendum 1 to Appendix G. **Please consider this document as confidential information as it relates to the location, size and nature of the mineral deposit.** By November 30 of 2009, KUC will provide updated information regarding the status of the drilling and reclamation, which also will be incorporated into Appendix G.

RECEIVED

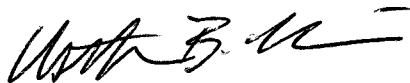

OCT 27 2009

0021 DIV. OF OIL, GAS & MINING

If you have any questions about this submittal please contact me at 801.569.7427 or Glenn Eurick at W801.204.2113. If you have detailed questions regarding the content of this update to Addendum 2 please also feel free to contact Duane Olson at M801.554.9925 or W801.204.3408.

Thank you for your continued cooperation in this matter.

Sincerely,
